It doesn’t take a lot of time or money to create this flip chart. It is simple and teaches an important message. It can be used with various ages (3rd grades and up). It can be used with lessons on creation, evolution, worship, salvation, and many others for which you may find application.

The lesson for the above chart is to teach that GOD is in control. He has given us all we need and provides for us to live with Him eternally if we just accept the opportunity. Below is the ‘story’ form of the lesson all together. Instructions are given above as to how to place the lesson info on the sheets’ backs.

Lesson:

“In the beginning darkness covered the face of the earth, and GOD said, Let there be light, and there was light. And GOD saw that it was very good.” Then GOD created the heavens. He divided the waters above from the waters below. GOD also created the grass, the flowers and the trees.

Then God created the sun, the moon, and the stars to fill the night sky. GOD put birds in the sky and He put fish in the sea. GOD created the animals. He also created man in His own image and gave him woman.

Man sinned and separated himself from GOD. But GOD being a loving LORD devised a plan to bring man back into fellowship with Him – through the blood of His son! The blood of CHRIST makes our souls as white as snow, when we obey His word.

Yet man continues to sin and move away from GOD. When our rebellious attitudes take us away from the Father, we again find our souls in danger. Our loving Father has prepared a second law of pardon. When we repent the blood of CHRIST again restores our souls to Him.

CHRIST died that we, the church, might enter heaven spotless before the Father. Heaven awaits all those who will obey the LORD. It is our job to obey and to teach others the word. We won’t enter Heaven alone.
